Collectible American Realism

A Collector's Guide

Here are 3 easy ways to collect my art.

Ithaca Studio Visits

If you live in, or are visiting, Ithaca and the Finger Lakes, a visit to an artist's studio is a wonderful experience. My art studio is located on Ithaca's West Hill, just 2 miles north of the city of Ithaca. Call anytime at 917-687-8120 to arrange a studio visit.

Painting Commissions

Part of my joy of painting is not only painting what I like but painting what you like as well. I welcome commissions for all types of paintings, including portraits, family portraits, house portraits, murals, paintings of Ithaca, Cornell, Ithaca College and whatever else you can dream up. My paintings make memorable unique gifts for birthdays, anniversaries and graduations. I paint in both oil and acrylic paints on both canvas and board. Prices vary based on the demands of each project. Prices below are a guideline.

<u>Size Samples</u>	<u>Graphite</u>	<u>Acrylics</u>	<u>Oils</u>

Online Portraits via webcam & Skype

I love painting portraits. An affordable and fun way to begin to collect my art is to commission me to paint your portrait in real-time over the Internet using just a webcam and a free Skype video account. Gift certificates are available.

In early 2009, I started **theportraitpaintingproject.com**. For just \$400, I will paint your portrait from the comfort of your home while I paint you remotely from my art studio in Ithaca, NY. Full details are available at **theportraitpaintingproject.com**.
